GSA Director Heather Watson Hardie

The Gift of Music for Your Child & Yourself

The Greenwich Suzuki Academy (GSA) is a private Suzuki Method music school that provides instruction to children, ages 3-18, on violin, viola, flute, cello and guitar.

The summer program at GSA operates differently than during the academic year. We currently do not offer regular group classes, solo recitals, group concerts, parent classes, or ensembles during this time. Since both students and teachers have variable availability in the summer, GSA utilizes a per lesson fee.

During the academic year, private lessons, groups classes and parent training seminars are offered, in addition to beginning orchestra and advanced chamber music. All students receive a private lesson and a group class each week.

Suzuki early childhood education is also available for babies and toddlers, 0-3 years old. Striving to bring music to all children, the academy uses Dr. Suzuki's loving and nurturing approach to music education. The goal is to help create more complete and developed children through the medium of music and musical understanding.

GSA believes that music education should be a joyful experience and one where each child is taught to love music as well as the learning process.

Lessons and performances are generally held at Christ Church, located at 254 E. Putnam Ave, right next to Temple Shalom. We are easily accessed by taking either exit 3 or 4 off I-95.
