Linguakids Summer Camps offer a unique opportunity for children to be immersed in a foreign language atmosphere. Camp sessions take place from the end of June through the end of August. Daily foreign language classes in French or Spanish are available — you choose the week, Linguakids does the rest! The curriculum is made up of a variety of fun activities, which are very effective ways to learn a language. Students are encouraged to practice their skills on the spot, without preparation and without realizing that they are learning!

Mommy and Me (ages 6 months and up). Session 1, three days in French and two days in Spanish; session 2, every day in Spanish. During the 45 minute class, the interactive musical curriculum teaches children numbers, colors, shapes, greetings, animals and more through songs, dance and movement.

French or Spanish Immersion , (ages 3-6). The 2 1/2 hour, free-form curriculum includes bingo, hopscotch, other games, arts and crafts, an interactive musical program, motor skill activities, theater, expression, dance, culture and more.

French or Spanish A La Carte (ages 6 and up). This daily, two-hour class reviews and improves language skills.

Other languages are available upon request. Register online today!
