While including all the aspects of our discovery-based academic-year curriculum such as art studio, music and movement, science exploration and literacy/communications, the CNS summer program also offers plenty of outdoor games, sports and water play on our beautiful and spacious acreage.

Enrollment is open to children ages 3-6, and is limited to 16 children in each session. All summer program staff have a minimum of a bachelor's degree in education.

Sessions begin at 9 a.m. and end at 5 p.m. daily. Children may attend on a full-week basis, or may register for a Monday-Wednesday-Friday or Tuesday-Thursday program. Each day includes a mix of outdoor activities, programming inside our air-conditioned schoolhouse, and a one-hour "siesta" following lunch.

Parents may enroll their children in any or all of our three two-week summer sessions. We offer a 10% discount for siblings, and there is a 10% discount on summer tuition for any child registered for all three sessions prior to the start of the first week.

Dates are as follows:

Session 1: July 9 – July 20 (2 weeks)

Session 2: July 23 – August 3 (2 weeks)

Session 3: August 6 – August 17 (2 weeks)
