Calling all girls in grades K-12! Horseback riding, theater, boating, science, swimming, hiking, adventure and fun are all waiting for you at Girl Scout Camp this summer! If you are not currently a Girl Scout, you can still come to camp and join the fun, make new friends, and discover the excitement of being a Girl Scout!

Girl Scout camps provide a safe, nurturing environment that gives each girl a chance to be challenged and excel. Girls discover individual strengths, build their self-confidence, set and achieve goals, make decisions, and experience the power of girls working together.
