The Learning Experience (TLE) offers a summer child care camp for children, ages 6 weeks to kindergarten age. The center is open from 6:30 a.m.-6:30 p.m. and full and part-time hours are available.

This fun, flexible and convenient program features educational and interesting projects and crafts with special activities and events.

At TLE, a state-of-the-art security monitoring system is in all classrooms and on the playground. Children love the "Make Believe Boulevard," which is an all-year-round indoor activity room. Computers are provided in all classes for children 2 1/2 and up.

Each staff member at TLE is a loving and nurturing individual with a genuine interest in benefiting the lives of the children they teach. Teachers and assistants must follow strict guidelines and meet all state certification requirements. Staff members are required to participate in our sponsored continuing education programs and mandatory First Aid training and CPR courses are provided annually. Consistent evaluations by superiors and parents help maintain the center's high standard of excellence for its personnel.

TLE has over 25 years of experience in providing children with the tools and the environment necessary to achieve their highest potential. Call 203-304-9130 for more information and summer registration.
