www.downunderkayaking.com

Downunder Kayaking prides itself on offering something truly special and different in the way of a birthday party.

The two hour party begins at the cute surf shop known as Below Deck, where Downunder Kayaking's guides get to know the children and go over what to expect during the party. The group will then move to the dock to discuss equipment, get outfitted and launch onto the river in single or double sit-on-top kayaks. Children will participate in a treasure hunt searching for messages in bottles that direct them in games that teach kayaking skills. They'll have fun pinning the tail on the kayak, dock ducking, sponge fights and paddling standing up. Swimming is optional — but children should come prepared to get wet!
