*See history come alive!* Your next birthday should be filled with adventure, excitement, and activities for a fun day and memories that will last a life time. Our parties are based on events or characters from the past that will spark the imagination and provide a unique fun packed day.

Our guides are re-enactors, museum guides, interpreters, or educators who have a passion for history and are devoted to showing that history is important and can be fun. We provide a personalized fun experience to you outside of the traditional four-walled environment of a museum or classroom.

Time Travel Guides are dressed in period authentic clothing, have artifacts, and will provide games and activities to encourage interactive, hands-on participation. We provide customized programs from selected activities to full event planning for birthday parties, events or groups.

To plan your next Time Travel Adventure please visit us on the web at [www.historywithoutwalls.org](http://www.historywithoutwalls.org) or send an e-mail to [info@historywithoutwalls.org](mailto:info@historywithoutwalls.org).
