Kidcity Children's Museum
is the perfect setting for parties
for children turning age 5 and
younger.

During a two-hour party, start your celebration in one of our party rooms, and then explore the children's museum with your guests. Kidcity is filled with whimsical theme rooms created by local artists. In the Fishery & Clipper Ship, kids have some serious fun using giant conveyors and pulley baskets to move brightly colored fish through the room. In the Space Age Roadtrip, they can climb inside a powder-pink flying saucer, drive a car powered by bubbles, or gaze through a giant kaleidoscope. In the Main Street, Video Theater, and Cornfield, old fashioned dress-up and pretend play offer fun for all your party guests. In all of our rooms, grown-ups join in the fun!

Kidcity is a great place for making memories together. At all of our parties, unlimited adults are admitted free, because we want you to bring your extended family to enjoy your child's special day. To learn more about our parties, please call us at 860-347-0495.
