If you are looking to supplement or replace your income, then **Embrace** is for you. Since 2001, Embrace has offered a wide variety of contemporary, traditional and handcrafted sterling silver jewelry from all over the world, featured in four full-color catalogues. You can host a party and share your jewelry catalogue with your guests.

As a party host, you receive 10% cash from sales at your party and get free jewelry. You also receive 50% off jewelry that you purchase and a \$30 referral fee. You can make money, have fun and expand your jewelry collection at the same time.

There is no inventory to purchase or maintain. Embrace comes to you. There are no limits as to how many parties you can host. You provide the food, they mail the invitations (invitations are free, but you are responsible for the postage) and make reminder calls.

If you prefer, Embrace will provide a location with nine guests for free. For more than nine guests, an \$85 space rental fee applies. The minimum number of guests for any party is 9; if you don't have the minimum number, consider co-hosting with a friend or family member. *Embrace is "at your service!"*
