For thousands of years, man has manipulated puppets for a variety of reasons: religion, education and entertainment.

One of the oldest and most wonderful forms of puppetry is shadow puppetry. Nappy's Puppets, a unique blend of storytelling and puppet theater, has been featured on a number of children's television programs, most recently "Between the Lions."

Jim Napolitano offers a variety of educational and entertainment possibilities; private parties, school assemblies, workshops, fundraisers and professional development days.

Jim Napolitano is a native of Milford, Connecticut, and a graduate of the University of Connecticut's Puppet Arts Program. After completion of his degree, Jim worked with Bits and Pieces Puppet Theater. He performed around the country and around the world, including The National Culture Center in Japan and The National Theater in Taiwan.

Performances are recommended for ages 2 and up. Contact Jim at 203-824-0615 for more information.
