LET'S GOGH ART FACES: Super talented face painting artists who are wonderful with children and love what they do! We take kids on a journey to the whimsical world of wild animals, butterflies, princesses, superheroes, fairies and more. We believe children learn most actively through imaginative play. To this end, we set their inner creatures free with our wicked cool, animated face designs.

LET'S GOGH ART GLITTER (AND INK) TATTOOS: The latest and greatest form of body art sweeping the country, adding fun and sparkle to any party. Enjoyed by all ages — children, teens and the young at heart — glitter tattoos last 3-7 days and are a hit long after the party is over. Over 100 totally awesome designs.

LET'S GOGH ART PARTIES: Designed to showcase the imagination and creativity of children. We provide fun, engaging and creative art activities that kids love to do! Our fun and friendly hostess brings all the art materials and guides the children through their creative experience. She “creates some fun” then cleans up, leaving lasting memories and masterpieces for each guest to take home. Delivered to you. Visit our website and scroll down to StoryArt Parties for ages 3-8 and Art Party Activities for all ages.
