Looking for a new and exciting field trip for your group, organization or just something different to do? Maybe a really unusual birthday party? **Lucky 33 Gemstone Flume Mine** is great fun for all ages because everyone likes to find treasures.

Join us at the *Lucky 33*, where you can find real gemstones from around the world. No need to take long treks to far off places. No hiking into the back-woods with tools and buckets, then lugging out your hard-earned treasures. No bugs, no snakes, no sunburns and no tired backs!

At the *Lucky 33*, you can purchase various size pails of our enriched mine dirt. Then, through our screen boxes, sit or stand while you wash away the sands in our indoor water flume. Experience the excitement as you discover the rough gemstones that appear on almost every screen. Don't worry about what to wear — only your finger tips will get wet!

Each pail is guaranteed to have gemstones of many different specimens — emerald, amethyst, sapphire and garnets, just to name a few, plus many more!

Mine pails start at \$12 and range up to \$99.

Many beautiful specimens are on display and for sale in the store.

We also offer recreational gold panning. *Yes, it is for real gold.*

*Come visit us at the Renaissance Faire in Hebron on
October 1, 2, 8, 9, 10, 14, 15 and 16.*
