Billy and Friends is a children's entertainment company that began nearly 7 years ago with only Billy the Clown (who has been entertaining for over 15 years). Billy & Friends has grown to incorporate a multitude of characters and personalities that provide entertainment for all types of events — from hospitals to festivals and even weddings!

Each experience with Billy and Friends has the same purpose: to provide a fun and heartfelt experience to each and every child. Our entertainers range from the really silly (a gorilla in a pink tutu), to the somewhat elegant (Prince William or Princess Amanda), to the hard to explain (Feller with a Yeller Hat), all the way to the sweet and sincere (Ms. Bobbi or Ms. Patty).

We offer a variety of activities for children that include dance parties, magic shows, group activities, balloon artistry and more. We also have all levels of face painting, from the silly to real art.

At Billy and Friends we just like to have a good time and be silly!
