Talented children's entertainer **Phoebe** creates a special environment where she becomes an integral part of the birthday event. Phoebe leads children in sing-alongs that bring out their natural energy in delightful, upbeat songs.

Phoebe sings and plays guitar, dulcimer, mouth bow and autoharp while the children join in using her basket of bongos, tambourines, bells, shakers and more. Her dancing wooden limberjacks and horses are another delightful addition to her unusual presentation, creating a Joyful Noise. Each party is unique, allowing the children to set the mood and feeling. She encourages them to be part of the show, getting up to do a SOLO or to lead the group in a rhythm band, marching around the room or the garden.

Set your party to the fun music of Phoebe. Have a great sing-along that you will never forget. She also appears in videos, in movies and on TV commercials.
