The **Roaming Railroad** is thought by all to be *New England's Nicest Trackless Train*. The Roaming Railroad serves the entire Northeast with some of the best family entertainment available.

We've gone "Green." Our train can be run in Electric mode or Bio-diesel mode, which allows us to run year-round, indoors or out.

Not just a kid's ride, the Roaming Railroad was custom built to accommodate adults, making it a true family attraction. The train is available for birthday parties, block parties, fairs, festivals, concerts, company picnics, corporate outings and more!

For more information about Roaming Railroad, please visit us online at [www.roamingrailroad.com](http://www.roamingrailroad.com) or call us at 413-531-3390.
